strike derailed months of work.

What happened next was something of a natural experiment: without mail, would donors simply move online? Would digital pick up the slack? Or would revenue vanish altogether? The 2025 Direct Mail Benchmarks report has the answers. And the numbers tell a powerful story about just how essential mail still is to Canadian fundraising.

When the mail went quiet

When we published 2024's Benchmarks report (encompassing the results of fundraising in 2023), we were looking at the "new normal" for direct mail fundraising. It was stability after the wild swings of the pandemic and post-pandemic years. But 2024 turned out to be a "great upheaval".

When the strike hit, 33% of participating Benchmarks organizations cancelled at least one house mailing, while 97% of participants delayed at least one house mailing. The impact was swift and severe. For those charities, we estimate lost revenue to be around \$2.5 million. Extrapolated across the sector, the picture is

Webinars

CharityVillage® offers free, monthly webinars to nonprofit and charity leaders, staff, and volunteers focused on a variety of topics of interest to professionals working in the Canadian nonprofit sector. We invite subject matter experts to co-host webinar sessions and receive brand exposure through the active promotions of the webinar and facilitation of the session.

Webinar Package

Webinars are 60 minutes in length. All webinars are recorded and kept live on the CharityVillage site and YouTube channel. The recordings are sent to registrants who could not attend the live session. CharityVillage webinars generate a range of 1,000 to 3,000 registrants, all reliant on the subject matter. The live attendance rate is 25–30% of the total number of registrants – higher levels are generated with subject-matter resonating with a broader audience. Below is a list of what is included within a webinar package, which is very fulsome.

- ✓ **Dedicated Landing Page** to promote the session, with the option of branded graphics (**Size: 1200x750**).
- ✓ **Dedicated Eblast** to the CharityVillage webinar subscription list of more than 100,000 active subscribers.
- ✓ **Featured Article** distributed in Village Vibes and on **Social Media**.
- ✓ Registration page is promoted throughout the promotional period in **Village Vibes**, **Webinar Round Up Eblasts**, and on social media.
- ✓ Advertisers receive a **Lead List** comprised of attendees who have expressed interest in being contacted by the presenter.

TESTIMONIAL

"I've recently had the pleasure of working with Marina and Mercedes from the CharityVillage webinar team on a big presentation. It is such a joy to collaborate with professionals who know how to take the stress out of the operations of delivering a webinar to a large audience. From the setup to the technical checkout, and the introductions to managing the curation of the questions in the QA segment, there is really nothing more they could have done. As a speaker, I felt very well taken care of and empowered to deliver my best work!"

Advertiser Eblasts

CharityVillage® offers advertisers the opportunity to promote dedicated eblasts to our Partner list of **over 120,000 active subscribers averaging 20–30% open rates**. Eblasts can range from new research reports for the sector to upcoming conferences that may be of interest to nonprofit professionals.

[The 2025 Giving Report: Disruption and the Digital Shift of Canadian Donors](#)

In this episode of CharityVillage Connects, we take a close look at the insights revealed in the 2025 CanadaHelps Giving Report about the landscape of charitable giving in Canada, and what these insights mean for your nonprofit or charity. Joined by sector leaders, we examine donor trends, shifting patterns of giving, and the broader implications for fundraising in today's uncertain economic climate. [LISTEN NOW.](#)

[Plan a high-impact GivingTuesday like an e-commerce pro](#)

Every November, e-commerce brands pour time and budget into Black Friday and Cyber Monday — not just for a quick revenue boost, but to acquire new customers, test messaging, and scale into year-end. GivingTuesday is the nonprofit sector's equivalent — a peak opportunity to engage, convert, and build momentum. In Canada, where economic pressure is real and donor numbers are down, using GivingTuesday as a one-off day is a missed opportunity. Instead, treat it as the launchpad to your most critical fundraising season. Check out this article by Raisely to learn more. [READ MORE.](#)

Why Canada needs a common grant application

WellFunded and Canada's Common Grant were created to unite DAFs, foundations, individuals, and charities around one shared standard for major giving. Standardization is key, not to replace relationships, but to reduce noise. To remove the unnecessary hurdles. To bring clarity, trust, and equity into a space that desperately needs all three.
